P.G DEPARTMENT OF CHEMISTRY

REPORT ON BRIDGE COURSE 2014-2015

The Department conducted a bridge course for the slow learning students of second year BSc Chemistry. The students those were backward in Organic Chemistry were selected and given a special coaching program for foundation on Organic chemistry under the guidance of Bijina.P.V. The course was started on 02-06-2014 Miss.Anagha V A, DilnaK, Arunlan K M and Rahul K were jointed the course. Miss Bijina P.V made special attention to the students. Total 10 hours were engaged by the teacher.

Department conducted Bridge course in the handling of apparatus. The students those were backward in preliminaries of Chemistry practical was selected and given a special training program for handling apparatus, weighing in Chemical balance and Electronic balance and Standard solution preparation etc. Miss. Vianya .K Guest Lecturer in Chemistry made special attention to the selected students .MrAkhaya L S,Anil M K,Athma Prayag A G,RijoySanjeev C,Saranya Sathyan, Vigna P P, Vasanth Musafir G D were jointed the course. Total 10 students were participated in the course.

BRIDGE COURSE 2014-2015

Bridge course is meant for the students who hail from different branches. Those who did not have a good base in Computer Science are selected for bridge course in the beginning of the academic year. Almost 12 students are given bridge course every year. More than 10 hours were engaged for this purpose. The classes were engaged by faculty Mrs. Chandni P M of the department. In 2016-17, bridge course was taken for 11 students. Classes were conducted before and after the regular working hours. C Programming were given particular emphasis. Bridge course was taken for 11 students in 2014-15. 10 hours were engaged for the bridge course. Bridge course was effective in giving the students a solid base in Computer Fundamentals.

Bridge Course: Report

Bridge course intends to bridge the gap between the school and college or between the child and an adult. The first semester students are usually selected for the programme and it is done in the first few weeks along with the induction programme every year. In the year 2014-15, **thirty students** were given a 7-day bridge course and in 2015-16, the number rose to **42**. The department has used all the faculties in the department including the subsidiary. Classes were conducted at the 0 hour and after the regular working time. The intention behind this programme is to provide the background or pre-requisite needed for perusing such courses. It would provide grammar, concord, agreement, tense and writing.

DEPARTMENT OF COMPUTER SCIENCE
BRIDGE COURSE 2015-2016

Every year, we are conducting bridge courses as the CS department requires every student to be well-versed with before proceeding with graduate course. They "bridge" the gap in knowledge.

This course is in place because the department probably saw that a number of CS under graduate students were not up to the mark when it came to fundamental programming skills. Nowadays, some of the newly admitted B Sc Computer Science students who had a non-CS background needed the bridge courses. Mrs.Chandni P M was in charge of the course

Student List

Abhinav K
Akash K
Anjanakrishna M K
Sruthi s
Abhinand K M
Abhinav S M
Akashaykumar T
Anandha Dinesh
Anugraha S B

. Most students who took up the bridge courses felt like they benefited from the practice they got by classes and solving the assignments.

BRIDGE COURSE 2016-2017

TOPIC: Programming in C

The Department of Computer Science evaluated from the continuous evaluation system, some of the students were back ward in C Programming. So we decided to conduct a Bridge course in C Programming. Mrs.Chandni P M was in charge of the course. She designed a course of ten hours of the C Programming. The students who were backward in C programming were selected, Sustained attention have been made. The course was successful. The selected students can attain the standard of other students. The following students were selected for the course:

1. Abhijith B K
2. Abhinand R Krishnan
3. Akhil G
4. Anusree P E
5. Chathurya Chandran
6. Dilna Dinesh
7. Harichandana H R
8. Sidharth P S
9. Vishnu
10. Dilna K T
11. Swathi Prakash

SYLLABUS:

<ul style="list-style-type: none">• C tokens• Decision Making& Loop control in C• Arrays, Strings• Functions in C	<ul style="list-style-type: none">• Pointers& Recursion• Files in C• Structures in C

REPORT On BRIDGE COURSE 2016-17

The Department conducted a bridge course for the students of third year BSc Chemistry. The students those were backward in Chemistry was selected and given a special coaching program for foundation on organic chemistry under the guidance of Shanitha V P. Total five students were jointed the programme. Ku. AnupamaS, Athulya V S, Rudrapriya G R, Sreenanda B S and Keerthana S were successfully completed the course. Miss Shanitha covered the portions like Carbon and its properties, Covalent bond, Addition reaction, Substitution reaction and Rearrangement reaction. Isomerism etc. The programme was very helpful to the students.

BRIDGE COURSE 2018-2019

The Bridge course was conducted for the students of I B.Sc Computer Science from 06/08/18 to 20/08/18. The students were given basic training on their subjects included in Semester I. The students strength of I B.Sc Computer science is 30. The students were classified into 2 sections and the bridge course was conducted for them. The students got the basic knowledge in the subjects such as Programming in C, Computer Organization, Mathematical Foundation and Programming in C Lab.

Some students completed their schooling in biological science. The students from non computer science background were given training on how to write algorithms. They were given training in basic programming concepts using C language. Also the students were given training on MS Office softwares for opening and editing a document. The basic concept of computers such as generations of computers, types of computers, functional units of computers were taught for them. Eventually, the students got basic knowledge in their subjects.

The following students were selected for special training in their subject.

Apsara N

Gopika P B

Akshay Babu K E

Mohith M

Rincy Soman

Rithik K

Ajin Jayanand

Anagha Praveen P

Ashik R K

Saranya G

The training reduces the gap between the schooling and college and was useful for the students to get knowledge in their subjects and to know college rules and all.

DEPARTMENT OF COMMERCE AND BUSINESS ADMINISTRATION

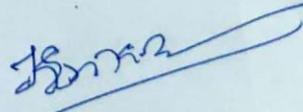

REPORT ON BRIDGE COURSES 2018-19

A basic understanding in accountancy is required for the students who undergo courses like B.Com and BBA. The students who pursued the subjects of science or humanities in Plus Two classes and joined for B.Com or BBA programmes find it difficult to follow the accounting courses and cannot go along with other students. In order to impart the basics of accounting to the non-commerce students who got admission in B.Com and BBA programmes, the department conducts bridge courses. During this academic year (2018-19) also, the department conducted bridge courses, the details of which are given below:

Class	Subject	Name of Teacher	No. of students	No. of hours
II Sem B.Com	Financial Accounting	Dr. K. Anil Kumar	2	10
III Sem B.Com	Managerial Economics	Binuraj C R	4	6
