

Tutorial Report (consolidated) 2014-15

The charge of Tutor is assigned in the beginning of each academic year . As tutors of their classes , the teachers very sincerely acted to generate the best out of their taughts in their studies. All the teachers established a rapport with their students and understood them personally. Knowing each student and building contact between the teacher and the taught is the backbone of a Tutorial system.

Some of them have conducted remedial coaching for their students who are slow learners, co-ordinated seminar on health awareness at the time of monsoon diseases , class on the importance of organic farming methods , career counselling are the activities that deserve special emphasis .

All the tutors conducted parent teacher association of their classes . In the class PTA meeting the students problems and performance in the Unit Tests were discussed. By meeting the parents they made the tutorial system more effective.
