

**R Sankar Memorial SNDP Yogam College, Koyilandy**

**Consolidated Tutorial Report 2018-2019**

The tutors engaged interactive sessions to support and guide their wards. They arranged different types of activities to improve the overall performance of the students. They have tried to improve their English language skills and various soft skills. The major obstacles found were lack of language skills, lack of methodical study, over depends on cheap guides, inability to express in English and finally lack of confidence. But the students were willing to work hard.

The tutors of I Year classes have arranged induction programme in the first week of their admission. The class PTA has been held in each department. The tutors discussed the student's academic performance with parents and evaluated their marks in exams. Each class was a mixture of different categories of students that range from the best academic performance to the below average level. Apt measures have been taken to engage these heterogeneous group. Remedial classes have been conducted to slow learners. Dr.J.S Ampily tried to instill scientific temper in the I&II semester B.Sc Chemistry students, organizing science exhibition, quiz competition, science day celebrations etc.,

Dr.V.G.Prashanth HOD of English and tutor of V&VI semester BA students conducted programmes like flair a writing skill development programme. ASCENT a coaching program for taking entrance exams eminent universities in India and a career development programme.

The tutors of B.Com classes conducted classes to make the students aware of the employment opportunities in various fields. They engage an average of 56 tutorial hours.
