

REPORT OF BHUMITHRASENA 2014-2015

The club is aimed to give awareness about environmental issues and to react positively to the environmental problems. The environmental education has become an inevitable tool in creating awareness on imperatives of environmental sustainability. Over the past few decades human activities including deforestation and industrialization have accelerated the deterioration of environment, contributing to erratic climate change.

The meeting of Bhumithrasena club members held on 03-06-2014 decided to elect Mr. Amal Shakaran, Fifth semester B.Sc Chemistry as Secretary. Total fifty members were in the club. The Co ordinator explain the aim and the activities of club. The club arranged group discussions on Climate change and Global warming.

The Bhumithrasena club organized a poster presentation on 5th June 2014, the world environmental day. Students presented posters on environmental issues. On 16th September the Bhumithrasena celebrated the International day of preservation of Ozone layer. Students Presented posters on to control use of Ozone layer depleting substances. On 28 the February Bhumithrasena along with Science club and Department of Chemistry celebrated National Science day and presented posters on Science for national building.

On March 27th Science club and Bhumithrasena club organized a Lecture on Organic farming. Prof.Sreedharan ,Rtd. Professor and Head ,MCC Calicut presented the paper. Dr.Ampily JS Coordinator Bhumithrasena introduced and welcomed the Chief Guest, Dr.Deepa KP felicitated the meeting .Clud Secretary delivered vote of thanks. The programme concluded at 12.45pm.
