

DEPARTMENT OF ENGLISH

Activity Report 2014-15

The activities of the Department during this academic year is quite impressive with multifaceted programmes and activities. The major activity was the yearlong programme named ASCENT, intended for the overall development of the selected students. They were selected on the interest and commitment shown towards improvisation. It got activated last year and the beneficiaries are the III/ IV semester students. The I/II semester students were fortunate enough to be part of the Government sponsored initiative WWS (Walk With the Scholar) targeting the best students and SSP (Scholar Support Programme) for the weakest students. They were also given a two day long orientation programme by the college in June 2014. Tutorial sessions were done to near perfection that reflected in their overall improvised performance. The prevailing cordial relationship between the students and teachers has definitely made it easy for us to influence the students positively and handle their issues with more ease. The support of my colleagues is worth a special mention in this context including the subsidiary Departments.

Students are encouraged to use the Library and digital facilities provided by the college to the maximum. Inlibnet installed in the Library has been made to use in preparing the projects. The Association inauguration was done on 5th March 2015 and a farewell party to the outgoing students were conducted on 12th March 2015. A Department tour was organised for the VI semester students in the month of January 2015 to Munnar and Athirapally.

The major challenge confronted by the Department for any additional programme is the lack of time in the hectic schedule of the semester system that occupies the lion share of our focus and attention. The lively participation in cultural activities and sports by the students of the Department certainly make us happy and the laurels brought home in the form of recognition at the inter-zonal and intra- zonal levels make us proud. The Department of English has reasons enough to proclaim that it is definitely one of the best Departments in the college.
