

DEPARTMENTAL ACTIVITIES OF CHEMISTRY 2014-2015

During the academic year 2014-15 various activities have been conducted. The academic year started on first June. An effective tutorial system has been implemented. Smt.G.Anitha ,Ku.Jisha ,Ku.Sharika ,Dr.Deepa KP,and Dr.Ampily JS were the tutors of first ,third ,fifth B.Sc and first and third M.Sc Programmes. Under the tutorial system timely instructions,support,counseling and individual attention have already been made for each and every students. Separate class PTA meeting has been organized and evaluated the student's progress.

On January 11 Sunday an Alumni association meeting of former students have been arranged.Prof.R K Nandakumar former Principal inaugurated the meeting.

Under the auspicious of Higher education council a walk with scholar programme was conducted for the meritorious students .An external mentor , Prof.Sreedharan Rtd. Professor of Chemistry,MCC Calicut has engaged for 15 hours and Dr.JS Ampily internal mentor also engaged 15 hours and motivated the students in various field .A scholar support programme also conducted for the students who were weak in Mathematics .

In association with Bhumithrasena and science club, Department of Chemistry organized a poster presentation on 5th June, International Environmental day for the global awareness to take positive environmental activity .Along with bhumithrasena and science club,Department of Chemistry arranged a poster presentation on 16 September the International day of preservation of Ozona layer. To control the use of Ozone layer which is depleting substances and air pollution. On 28th February Department of Chemistry celebrated National science day in order to commemorate Sir.C.V.Ramam. Students were presented posters on Science for National building, sustainable energy sources, Waste management etc.On 27 March a Lecture on organic farming has been organized .Prof.Sreedharan.Rtd.Professor of MCC,Calicut presented the topic. A series of Lecture for M.Sc students were started .On 28th March the first session was started. Prof.Preman. Rtd.Professor of Chemistry .GOVT.college Madappally engaged for the first session on the topic pericyclic compound.

The Department of Chemistry send M.Sc students for the seminar held at Unity Womens College ,Manjeri on 21st January on the topic " Computational Chemistry". M.Sc third semester students participated the seminar held at GOVT College Madappally on the topic "Quantum mechanics" by Dr.Sugunan, Professor of Chemistry, Cochin University

Submitted by DR.Ampily J.S, Associate professor and Head of P.G.Department of chemistry.R.S.M.SNDP YOGAM Arts and Science College, Koyilandy
